

CJI's Website

Community Justice Initiatives website has many features to facilitate agency news, items, events, and program services to the region and beyond.

On the top corner of any page try the shortcut icons to save the page as a pdf, print the page, or to email a friend. In addition, our website features an events section complete with an up-to-date calendar which includes program, agency, training and volunteer events/details.

Our website reflects the growth of programs and services of CJI, complete with staff team members listed throughout the site. Our site also provide us with important statistical information. Our home page features images along the top banner, which better reflect the diversity and available services within our organization.

Thanks to Melanie from Idyliq and the administrative staff team of CJI who made significant contributions to the realization of this new and improved site.

Enjoy!
